

## Assessment 2021 – Centre Policy

JCQ require every centre to create a Centre Policy that reflects its individual circumstances and centres must understand and actively implement the centre policy adopted.

This document accompanies the Assessment 2021 key principles document which has been shared, in full, with Team Leaders ([click link](#)) as well as to all students, parents / guardians and Noadswood staff on our website ([click link](#)).

This document has been created by Noadswood, using the JCQ template as a guide, on 31<sup>st</sup> March 2021 and will be submitted as requested.

## Training, support and guidance

This section of our Centre Policy outlines the training, support and guidance that Noadswood will provide to those determining teacher assessed grades this year.

### Training

This section provides details of the approach Noadswood will take to *training, support and guidance in determining teacher assessed grades this year*

- *Teachers involved in determining grades in our centre will attend any centre-based training to help achieve consistency and fairness to all students. This will include Heads of Department training, centrally via SLT, and fed through to all teaching staff with departmental training.*
- *Teachers will engage fully with any training and support that has been provided by the Joint Council for Qualifications and the awarding organisations.*
- *Documentation will be provided by Noadswood about the key principles underpinning our approach to Assessment 2021 and it is an expectation Heads of Department and teaching staff of the Year 11 cohort read this documentation and inform members of the Senior Leadership Team if there are any questions.*

### Support for Newly Qualified Teachers and teachers less familiar with assessment

This section provides details of our approach to *training, support and guidance for newly qualified teachers and teachers less familiar with assessment*

- *We will provide mentoring from experienced teachers to NQTs and teachers less familiar with assessment from a departmental level and with the assistance of the Senior Leadership Team where required.*
- *We will put in place additional internal reviews of teacher assessed grades for NQTs and other teachers as appropriate.*

## Use of appropriate evidence

This section of our Centre Policy indicates how our centre will give due regard to the section in the JCQ guidance entitled: *Guidance on grading for teachers*.

### Use of evidence

This section gives details in relation to our use of evidence.

- *Teachers making judgements will have regard to the Ofqual Head of Centre guidance on recommended evidence, and further guidance provided by awarding organisations.*
- *All candidate evidence used to determine teacher assessed grades, and associated documentation, will be retained and made available for the purposes of external quality assurance and appeals.*
- *We may be using student work produced in response to assessment materials provided by our awarding organisation(s), including groups of questions, past papers or similar materials such as practice or sample papers.*
- *We may use non-exam assessment work (often referred to as coursework), even if this has not been fully completed.*
- *We may use student work produced in centre-devised tasks that reflect the specification, that follow the same format as awarding organisation materials, and have been marked in a way that reflects awarding organisation mark schemes.*
- *We may use substantial class or homework (including work that took place during remote learning).*
- *We may use internal tests taken by students.*
- *We may use mock exams taken over the course of study.*
- *We may use records of a student's capability and performance over the course of study in performance-based subjects such as music, drama and PE.*

*We provide further detail in the following areas:*

#### *Additional Assessment Materials*

- *We may use additional assessment materials to give students the opportunity to show what they know, understand or can do in an area of content that has been taught but not yet assessed.*
- *We may use additional assessment materials to give students an opportunity to show improvement, for example, to validate or replace an existing piece of evidence.*
- *We may use additional assessment materials to support consistency of judgement between teachers or classes by giving everyone the same task to complete.*
- *We may combine and/or remove elements of questions where, for example, a multi-part question includes a part which focuses on an element of the specification that hasn't been taught.*

#### Use of evidence

*Noadswood will ensure the appropriateness of evidence and balance of evidence in arriving at grades in the following ways:*

- *We will consider the level of control under which an assessment was completed, for example, whether the evidence was produced under high control and under supervision or at home.*
- *We will ensure that we are able to authenticate the work as the student's own, especially where that work was not completed within the school or college.*
- *We will consider the limitations of assessing a student's performance when using assessments that have been completed more than once, or drafted and redrafted, where this is not a skill being assessed.*
- *We will consider the specification and assessment objective coverage of the assessment.*
- *We will consider the depth and breadth of knowledge, understanding and skills assessed, especially higher order skills within individual assessments.*

## Determining teacher assessed grades

*This section of our Centre Policy outlines the approach Noadswood will take to awarding teacher assessed grades.*

### Awarding teacher assessed grades based on evidence

We give details here of our centre's approach to awarding teacher assessed grades.

- *Our teachers will determine grades based on evidence which is commensurate with the standard at which a student is performing, i.e. their demonstrated knowledge, understanding and skills across the content of the course they have been taught.*
- *Our teachers will record how the evidence was used to arrive at a fair and objective grade, which is free from bias.*
- *Our teachers will produce an Assessment Record for each subject cohort and will share this with their Head of Department. Any necessary variations for individual students will also be shared.*
- *The examination board assessment materials will form the main part of the assessment (80/20) and will be used in all subjects which is an important step towards ensuring robustness of grades submitted.*
- *The performance against these materials should form the starting point of the final grade awarded – this grade should form the baseline from which other assessment pieces contribute. It should be exceptional to have a final grade awarded that is more than a grade away from what the examination board material would suggest.*
- *Assessments are to be completed in lesson time with their normal teacher who will also mark the scripts supported by teaching assistants if applicable. Should a student miss the assessment then the **subject team will organise an opportunity for this to be conducted after school in a subsequent evening.** If there are legitimate reasons why this cannot be caught up (illness / bereavement etc...) this assessment piece will be disregarded (not given as a zero mark).*
- *Learning support adjustments will be provided for those students who require – our SENDCo, examinations officer and team leaders will co-ordinate to **ensure no student is disadvantaged.** House Leaders will also provide updates about potential inequalities and how support should be directed.*

## Determining teacher assessed grades

*This section of our Centre Policy outlines the approach Noadswood will take to awarding teacher assessed grades and the hierarchy that will be employed.*

### Grading Hierarchy

Every student will have a grade issued in every subject that has been deduced from a number of sources, hierarchically:

- *Examination materials provided by the examination boards*
- *Internal exam papers sat within class, prior to lockdown*
- *Coursework or similar controlled assessment sources (based on exam content)*
- *In-class tests and assessments and longer piece essays*
- *Book-work that clearly evidences examination criterion*
- *It is important that subject leaders have a clear understanding of how each grade is deduced and assessment materials are to be based on the work students have covered only. If part of the course has been provided when remote learning was not compulsory (and where potential disadvantage might occur, such as limited IT access at home, a suitable home learning environment, lockdown health issues) then this should **not** form part of the assessment evidence (and this noted on an individual student's assessment record).*

## Internal quality assurance

This section of our Centre Policy outlines the approach Noadswood will take to ensure internal standardisation of teacher assessed grades, to ensure consistency, fairness and objectivity of decisions.

### Head of Centre Internal Quality Assurance and Declaration

#### Internal quality assurance

This section gives details of our approach to internal standardisation, within and across subject departments.

- *We will ensure that all teachers involved in deriving teacher assessed grades read and understand this Centre Policy document.*
- *In subjects where there is more than one teacher and/or class in the department, we will ensure that our centre carries out an internal standardisation process.*
- *Heads of Department will complete the following checklist / declaration before submitting subject outcomes for internal standardisation ([click link](#))*
- *We will ensure that all teachers are provided with training and support to ensure they take a consistent approach to:*
  - *Arriving at teacher assessed grades*
  - *Marking of evidence*
  - *Reaching a holistic grading decision*
  - *Applying the use of grading support and documentation*
- *We will conduct internal standardisation across all grades.*
- *We will ensure that the Assessment Record will form the basis of internal standardisation and discussions across teachers to agree the awarding of teacher assessed grades.*
- *Where necessary, we will review and reflect on individual grading decisions to ensure alignment with the standards as outlined by our awarding organisation(s).*
- *Where appropriate, we will amend individual grade decisions to ensure alignment with the standards as outlined by our awarding organisation(s).*
- *Where there is only one teacher involved in marking assessments and determining grades, then the output of this activity will be reviewed by an appropriate member of staff within the centre.*
  - *This will be the line manager Senior Leadership member of the department*
- *In respect of equality legislation, we will consider the range of evidence for students of different protected characteristics that are included in our internal standardisation.*

## Comparison of teacher assessed grades to results for previous cohorts

This section of our Centre Policy outlines the approach we will take to compare our teacher assessed grades in 2021 with results from previous cohorts.

### **Comparison of Teacher Assessed Grades to results for previous cohorts**

This section gives details of our internal process to ensure a comparison of teacher assessed grades at qualification level to results for previous cohorts in our centre taking the same qualification.

- *We will compile information on the grades awarded to our students in past June series in which exams took place (2017 - 2019). We will consider school improvement over time as part of this process.*
- *We will consider the size of our cohort from year to year.*
- *We will consider the stability of our centre's overall grade outcomes from year to year.*
- *We will consider both subject and centre level variation in our outcomes during the internal quality assurance process.*
- *We will prepare a succinct narrative on the outcomes of the review against historic data which, in the event of significant divergence from the qualifications-levels profiles attained in previous examined years, which address the reasons for this divergence. This commentary will be available for subsequent review during the QA process.*
- *SISRA will be an integral part of this process, with David Crowley as part of the AHT role in updating, monitoring and informing Heads of Department trends which can then be looked for standardisation purposes.*

*This section gives details of the approach our centre will follow if our initial teacher assessed grades for a qualification are viewed as overly lenient or harsh compared to results in previous years.*

- *We will compile historical data giving appropriate regard to potential mixtures of 9-1 grades in GCSEs.*
- *We will bring together other data sources that will help to quality assure the grades we intend to award in 2021.*

*This section gives details of changes in our cohorts that need to be reflected in our comparisons.*

- *We will omit subjects that we no longer offer from the historical data.*
- *We will closely look at cohort KS2 qualifications and projected FFT datasets in order to aid standardisation*

## Access Arrangements and Special Considerations

This section of our Centre Policy outlines the approach Noadswood will take to provide students with appropriate access arrangements and take into account mitigating circumstances in particular instances.

### **Reasonable adjustments and mitigating circumstances (special consideration)**

This section gives details of our approach to access arrangements and mitigating circumstances (special consideration).

- *Where students have agreed access arrangements or reasonable adjustments (for example a reader or scribe) we will make every effort to ensure that these arrangements are in place when assessments are being taken.*
- *Where an assessment has taken place without an agreed reasonable adjustment or access arrangement, we will remove that assessment from the basket of evidence and alternative evidence obtained.*
- *Where illness or other personal circumstances might have affected performance in assessments used in determining a student's standard of performance, we will take account of this when making judgements.*
- *We will record, as part of the Assessment Record, how we have incorporated any necessary variations to take account of the impact of illness or personal circumstances on the performance of individual students in assessments.*
- *To ensure consistency in the application of Special Consideration, we will ensure all teachers have read and understood the document: [JCQ – A guide to the special consideration process, with effect from 1 September 2020](#)*
- *Every effort will be put in to allow students to take a missed assessment, internally within the department, in the first instance*

## Addressing disruption/differential lost learning (DLL)

### **Addressing Disruption/Differentiated Lost Learning (DLL)**

This section gives details of our approach to address disruption or differentiated lost teaching.

- Teacher assessed grades will be determined based on evidence of the content that has been taught and assessed for each student.
- Teachers and Heads of Department will refer to our presentation on Assessment 2021 ([click link](#)) outlining lockdown inequalities, and appropriate evidence based adjustments for these students who are impacted.
- House Leaders at Noadswood will help supply Team Leaders with information about students who have been significantly impacted during lockdown

## Objectivity

This section of our Centre Policy outlines the arrangements in place to ensure objectivity of decisions.

### **Objectivity**

This section gives a summary of the arrangements in place within our centre in relation to objectivity.

*Staff will fulfil their duties and responsibilities in relation to relevant equality and disability legislation.*

*Senior Leaders and Heads of Department will consider:*

- *sources of unfairness and bias (situations/contexts, difficulty, presentation and format, language, conditions for assessment, marker preconceptions);*
- *how to minimise bias in questions and marking and hidden forms of bias); and*
- *bias in teacher assessed grades.*

*To ensure objectivity, all staff involved in determining teacher assessed grades will be made aware that:*

- *unconscious bias can skew judgements;*
- *the evidence presented should be valued for its own merit as an indication of performance and attainment;*
- *teacher assessed grades should not be influenced by candidates' positive or challenging personal circumstances, character, behaviour, appearance, socio-economic background, or protected characteristics;*
- *unconscious bias is more likely to occur when quick opinions are formed; and*

*Our internal standardisation process will help to ensure that there are different perspectives to the quality assurance process.*

## Recording decisions and retention of evidence and data

This section of our Centre Policy outlines our arrangements to recording decisions and to retaining evidence and data.

### **Recording Decisions and Retention of Evidence and Data**

## Authenticating evidence

### Authenticating evidence

This section of our Centre Policy details the mechanisms in place to ensure that teachers are confident in the authenticity of evidence, and the process for dealing with cases where evidence is not thought to be authentic.

- *Robust mechanisms will be in place to ensure that teachers are confident that work used as evidence is the students' own and that no inappropriate levels of support have been given to students to complete it, either within the centre or with external tutors.*
- *It is understood that awarding organisations will investigate instances where it appears evidence is not authentic. We will follow all guidance provided by awarding organisations to support these determinations of authenticity.*
- *The awarding organisations for Noadswood are AQA, OCR, Pearson EdExcel, Eduquas and Cambridge National*
