Monitoring and Review .....	2

### **Statement**

There are many aspects of school premises that require safe management and maintenance such as asbestos, fire safety and statutory testing. Those with duties for maintaining school buildings should make sure that the policies, procedures and the condition of the estate are compliant with appropriate legislation, including health and safety.

At Noadswood the processes for ensuring compliance are set out in our Health and Safety Policy.

### **Monitoring and Review**

The Premises Manager is responsible for monitoring this policy. The policy will be reviewed by the Premises Manager annually.

The governing body can delegate approval to a committee of the governing body, an individual governor or the Headteacher.
