

October 2026

Dear Parents/Carers,

GCSE Revision Guides

Now that Year 11 have settled into the final year of their GCSEs, we would like to offer you another opportunity to purchase revision guides to support with revision at home.

Many subjects have recommended revision guides and as a school we are often able to purchase these for a reduced rate. We can offer this discount for a limited time, so to receive the savings you will need to have completed your order by **Thursday 1st October 2026**. If you would like to order any of the resources after the deadline, you can do so online and independently through the CGP website, although you will not receive the school discounted price.

You can order the items from the **Shop** area within Arbor from **Wednesday 23rd September 2026 at 9am**. It is important that you only purchase resources that are correct for your child. The revision guides you see available have been carefully selected by the class teacher to best suit your child's needs. For some subjects you may be offered the opportunity to buy more than one book, e.g. a revision guide and a workbook, or a bundle containing revision guides, workbooks and revision cards. Please select the combination you feel would work best for your child.

If your child is in receipt of Targeted PP/FSM, you will receive these revision resources directly through the Pupil Premium funding.

Please be aware that all purchases are non-refundable and once placed cannot be changed.

We hope you find these resources beneficial. Should you have any questions, or you are unsure which resources to order, then please do not hesitate to get in contact with your child's class teacher or the Subject Lead.

Yours sincerely

Suzannah Fry
Science Curriculum Leader
